Natural Resources Republicans Launch New Website

Includes "Issues in the Spotlight," New Media Outreach

WASHINGTON, DC – Today, Republicans on the House Natural Resources Committee launched a new website to better communicate information directly to the American people regarding their efforts in Congress. [Click here to view the website.](#)

“It’s important for the American people to have a modern, user-friendly way to access information about Republican Committee Members’ efforts to increase American energy production and create all types of energy jobs, while protecting our environment. We hope that our new website will serve as a one-stop shop for news and events regarding America’s natural resource issues,” **said Ranking Member Doc Hastings (WA-04).**

The new website allows visitors to:
